مراجعة الفصل الأول و الثاني

## READING

Read the following texts carefully, and then choose the correct answer from A, B, C or D to complete the sentence below each text.

In the 1940s, technology had developed enough for inventors to make the first generation of modern computers. One such model was so large that it needed a room that was 167 square metres to accommodate it. During that decade, scientists in England developed the first computer program. It took 25 minutes to complete one calculation. In 1958 CE, the computer chip was developed.

1. In the 1940s, inventors were able to develop.....

- a. the first generation of modern computers and the computer chip.
- b. the first computer program and the computer chip.
- c. the first generation of modern computers and the first computer program.
- d. the first computer program and the first mouse.

The first computer game was produced in 1962 CE, followed two years later by the computer mouse. In 1971 CE, the floppy disk was invented, which meant that information could be shared between computers. The first PC (personal computer) was produced in 1974 CE, so people could buy computers to use at home.

2. The above paragraph states that .....

- a. the computer mouse was produced and then the first game.
- b. the first game was produced and then the first mouse.
- c. the floppy disk was produced and then the first computer game.
- d. the first PC was produced and then the mouse.

The first computer game was produced in 1962 CE, followed two years later by the computer mouse. In 1971 CE, the floppy disk was invented, which meant that information could be shared between computers. The first PC (personal computer) was produced in 1974 CE, so people could buy computers to use at home.

3. The above paragraph states that the first computer mouse was produced in .....

- a. 1971.
- b. 1962.
- c. 1974.
- d. 1964.

Most young people communicate through social media, by which they send each other photos and messages via the Internet. Some students like to send messages that are under 140 letters for anyone to read. Teachers can ask students to summarize information about what they have learnt in class in the same way. If students learn to summarize quickly, they will be able to use this skill in the future.

**4. According to the above paragraph, teachers can make use of social media to teach the students the skill of .....**

- a. *summarizing quickly.*
- b. sending messages.
- c. using the computer.
- d. communicating with each other.

Students often use computers at home if they have them. Students can use social media on their computers to help them with their studies, including asking other students to check and compare their work, asking questions and sharing ideas.

**5. Students can use social media on their computers to .....**

- a. check and compare their work.
- b. ask questions.
- c. share ideas.
- d. *all of the above.*

Students often use computers at home if they have them. Students can use social media on their computers to help them with their studies, including asking other students to check and compare their work, asking questions and sharing ideas.

**6. The underlined word in the above paragraph refers to.....**

- a. *students.*
- b. computers.
- c. home.
- d. studies.

Many people are excited about the 'Internet of Things'. For them, a dream is coming true. They say that our lives will be easier and more comfortable. However, others are not so sure. They want to keep control of their own lives and their own things. In addition, they wonder what would happen if criminals managed to access their passwords and security settings. The dream could easily become a nightmare!

**7. The word which means "to find information, especially on a computer" is .....**

- a. security setting.
- b. nightmare.
- c. comfortable.
- d. *access.*

At a surgery in London, 70 per cent of patients who were offered the choice between a herbal or a conventional medicine for common complaints such as insomnia, arthritis and migraines chose the herbal remedy. Fifty per cent of patients then said that the treatment helped. One doctor said, "I now consider homoeopathy to be a viable option for many different conditions, including anxiety, depression and certain allergies.

**8. In the above paragraph, two types of complementary medicine are mentioned which are....**

- a. insomnia and migraine.
- b. anxiety and depression.
- c. *herbal remedy and homoeopathy.*
- d. homoeopathy and conventional medicine.

At a surgery in London, 70 per cent of patients who were offered the choice between a herbal or a conventional medicine for common complaints such as insomnia, arthritis and migraines chose the herbal remedy. Fifty per cent of patients then said that the treatment helped. One doctor said, "I now consider homoeopathy to be a viable option for many different conditions, including anxiety, depression and certain allergies.

**9. The above paragraph states that .....**

- a. *most Londoners prefer herbal remedy to conventional medicine.*
- b. most Londoners prefer conventional medicine to herbal remedy.
- c. a few Londoners prefer herbal remedy to conventional medicine.
- d. a few Londoners prefer homoeopathy to herbal remedy.

However, complementary medicine cannot be used for all medical treatments. It can never substitute for immunizations as it will not produce the antibodies needed to protect against childhood diseases. It also cannot be used to protect against malaria.

**10. According to the above paragraph, complementary medicine .....**

- a. is useful in treating dangerous diseases like Malaria.
- b. can produce antibodies which fight childhood diseases.
- c. provides the body with the necessary immunization.
- d. *cannot treat all medical conditions.*

The low infant mortality rate, as well as the excellent healthcare system, have been contributing factors to Jordan's healthy population growth, which will result in a strong work force with economic benefits for the whole country.

**11. According to the above paragraph, two reasons have contributed to Jordan's healthy population growth. They are .....**

- a. *the low infant mortality rate and the excellent healthcare system.*
- b. a strong work force and the economic benefits.
- c. the healthy population growth and the strong work force.
- d. the low infant mortality rate as well as the healthy population growth.

These should include moderate exercise, such as fast walking and more **strenuous** exercise, like running.

**12. The word "strenuous" in the above sentence means .....**

- a. mediocre
- b. easy
- c. relaxing
- d. *needs a lot of effort*

The boy caught Sheikh Hamdan's attention with his invention – a prosthetic limb for his father. The Sheikh has taken a special interest in the boy, and hopes the tour that he is sponsoring for Adebab will give the young inventor more self-confidence and inspire other young Emirati inventors.

**13. The opposite of the word "natural" in the above paragraph is.....**

- a. attention
- b. prosthetic**
- c. interest
- d. self-confidence

A new cancer drug is being trialed in Plymouth, UK, which doctors hope will extend the lives of cancer patients and reduce their symptoms overnight. It is taken as a single pill every morning, and so far patients have shown none of the usual side effects such as the sickness and hair loss that are experienced when undergoing other forms of cancer treatment.

**14. According to the above paragraph, the new cancer drug .....**

- a. has the usual side effects that other drugs have.
- b. has some side effects like sickness and hair loss.
- c. is expected to extend cancer patients' lives and reduce their symptoms.**
- d. has been approved and is being sold in pharmacies.

King Hussein Cancer Center (KHCC) is Jordan's only comprehensive cancer treatment centre. It treats both adults and pediatric patients. Patients come not only from Jordan but also from other countries in the region, as they are attracted by its excellent reputation, lower costs, and cultural and language similarities.

**15. Two factors have attracted patients from other countries to the KHCC. They are.....**

- a. the excellent reputation and the lower costs.**
- b. it treats both adults and pediatric patients.
- c. the KHCC is a comprehensive cancer treatment centre.
- d. patients come from Jordan and from other countries in the region

The new hand, which was developed by Swiss and Italian scientists, was a huge improvement. With it, Sorensen could not only pick up and manipulate objects, but he could also feel them.

**16. The underlined word 'them' in the above lines refers to .....**

- a. objects**
- b. scientists
- c. Sorensen
- d. improvement

Megaprojects are extremely large investment projects, which are designed to encourage economic growth and bring new benefits to cities. Although megaprojects vary in terms of size and cost, they are all, by definition, expensive, public projects that attract a high level of interest and media coverage. Projects range from motorways, airports, stations, tunnels, bridges, etc. to entire city complexes.

**17. Megaprojects differ in two things which are.....**

- a. cost and media coverage.
- b. interest and media coverage.
- c. growth and benefits.
- d. size and cost.**

Megaprojects are extremely large investment projects, which are designed to encourage economic growth and bring new benefits to cities. Although megaprojects vary in terms of size and cost, they are all, by definition, expensive, public projects that attract a high level of interest and media coverage. Projects range from motorways, airports, stations, tunnels, bridges, etc. to entire city complexes.

**18. some examples on megaprojects are.....**

- a. airports and stations.
- b. tunnels and bridges.
- c. motorways and city complexes.
- d. *all of the above.*

Ibn Bassal was a writer, a scientist and an engineer who lived in Al-Andalus in the eleventh century. He worked in the court of Al-Ma'mun, who was the King of Toledo. His great passions were botany, which is the study of plants, and agriculture.

**19. Ibn Bassal was interested in two subjects. They are .....**

- a. *botany and agriculture.*
- b. botany and plants.
- c. Al-Andalus and Toledo
- d. Al-Ma'mun and Toledo

Al-Kindi was a physician, philosopher, mathematician, chemist, musician and astronomer – a true **polymath**.

**20. The underlined word means.....**

- a. *someone who has knowledge about different subjects.*
- b. someone who writes about the meaning of life.
- c. someone who knows about the stars.
- d. someone who diagnoses treatments.

This was because it was found that secondary school students in the USA and the UK were spending the least time at school, with an average school year of 187 days. The typical Jordanian school year is longer than this. However, none of these are nearly as long as the school year in countries like Japan and South Korea. South Koreans attend school for 220 days per year, and in Japan, the school year numbers 243 days.

**21. According to the paragraph, the countries that have the least schooling time are .....**

- a. Jordan and the USA.
- b. *the USA and the UK.*
- c. Japan and South Korea.
- d. Jordan and the UK.

I'm very familiar with colloquial Arabic, which is what my family speaks and understands. The Arabic class, in Modern Standard Arabic, was challenging, especially the grammar.

**22. The word which means "an informal language" in the above lines is.....**

- a. *colloquial*
- b. standard
- c. challenging
- d. familiar

The earlier you start in the morning, the more beneficial your revision will be, because that's when you feel most awake and your memory is at **its** best.

**23. The underlined pronoun refers to .....**

- a. morning
- b. memory**
- c. revision
- d. you

It has been proved that multilingual people are able to switch easily between completely different tasks. One experiment required participants to operate a driving simulator while carrying out separate tasks at the same time. The experiment showed that multilingual participants were less distracted by the other tasks and therefore made fewer driving errors.

**24. According to the experiment mentioned in the above paragraph, multilingual people ...**

- a. were able to concentrate more on both tasks.**
- b. were able to concentrate less on both tasks.
- c. were more distracted by other tasks.
- d. were well-qualified to operate a driving simulator.

It has been proved that multilingual people are able to switch easily between completely different tasks. One experiment required participants to operate a driving simulator while carrying out separate tasks at the same time. The experiment showed that multilingual participants were less distracted by the other tasks and therefore made fewer driving errors.

**25. The word which means "speaking more than two languages" is .....**

- a. participants
- b. simulator
- c. multilingual**
- d. errors

Our country has a high standard of education. This is mainly due to the fact that the government considers education a necessity. All schools, from kindergarten to secondary, are the responsibility of the Ministry of Education (MOE). Pre-school and kindergarten education is optional, followed by ten years of free, compulsory education. For higher education, students enter university, either for academic or vocational courses.

**26. According to the above paragraph, there are two optional stages at school which are...**

- a. compulsory and optional.
- b. academic and vocational.
- c. pre-school and kindergarten.**
- d. secondary and compulsory.

Students can attend one of ten public universities, or one of nineteen private universities. A large number of Jordanian students choose to study at these institutions, as well as foreign students from all over the world. These are undergraduates studying for a first degree, or postgraduates studying for a Master's degree, a PhD or a higher diploma.

**27. According to the above paragraph, a student attending university for a first degree is called.....**

- a. a master's degree student.
- b. a postgraduate student.
- c. *an undergraduate student.*
- d. a PhD student.

Jordan is rich in potash and phosphate, and the extraction industry for these minerals is one of the largest in the world. Not surprisingly, two of Jordan's largest exports are chemicals and fertilizers.

**28. The above paragraph suggests that most of Jordan's fertilizers are made of.....**

- a. Potash and minerals.
- b. Chemicals and fertilizers.
- c. *Potash and phosphate.*
- d. Phosphate and chemicals.

Jordan is rich in potash and phosphate, and the extraction industry for these minerals is one of the largest in the world. Not surprisingly, two of Jordan's largest exports are chemicals and fertilizers.

**29. According to the above paragraph, Jordan exports two products which are .....**

- a. potash and phosphate.
- b. the extraction industry and minerals.
- c. *chemicals and fertilizers.*
- d. chemicals and minerals.

Now let's look at imports. Unlike some other countries in the Middle East, Jordan does not have large oil or gas reserves. For that reason, Jordan has to import oil and gas for its energy needs. Its other main imports are cars, medicines and wheat. In 2013 CE, 23.6% of Jordan's imports were from Saudi Arabia. This was followed by the EU, with 17.6% of its imports. Other imports have come from China and the United States.

**30. According to the above paragraph, most of Jordan's imports come from two countries which are.....**

- a. China and the United States.
- b. the EU and the United States.
- c. China and the Saudi Arabia.
- d. *Saudi Arabia and the EU*

Now let's look at imports. Unlike some other countries in the Middle East, Jordan does not have large oil or gas reserves. For that reason, Jordan has to import oil and gas for its energy needs. Its other main imports are cars, medicines and wheat. In 2013 CE, 23.6% of Jordan's imports were from Saudi Arabia. This was followed by the EU, with 17.6% of its imports. Other imports have come from China and the United States.

**31. The above paragraph states that Jordan .....**

- a. has a large oil and gas reserves.
- b. does not have a large oil and gas reserves.**
- c. exports gas and oil.
- d. is like other countries in the Middle East with regard to gas and oil.

Of course! I arrived on time. You must not arrive late, as this shows disrespect. Then, when I met the company director, I shook hands with him gently. I began the meeting by making small talk about my interesting experiences in China. During the meeting, I made sure that my voice and body language were calm and controlled. I never told a joke, as this may not be translated correctly or could cause offence.'

**32. the above paragraph states that.....**

- a. telling jokes is not recommended during the meeting.**
- b. arriving late shows respect.
- c. causing offence is correct
- d. translating jokes causes offence.

Adeeb caught Sheikh Hamdan's attention with his invention – a prosthetic limb for his father. The Sheikh has taken a special interest in the boy, and hopes the tour that he is sponsoring for Adeeb will give the young inventor more self-confidence and inspire other young Emirati inventors.

**33. Adeeb caught Sheikh Hamdan's attention with his invention of.....**

- a. a fireproof helmet
- b. a waterproof prosthetic leg**
- c. a tiny cleaning robot
- d. a heart monitor

"In England, almost 50% of school leavers go on to higher education. The figure has not always been as high as this. Twenty years ago, it was closer to 30%, and thirty years before that, it was only about 5%."

**34. The percentage of school leavers who go on to higher education at present time is .....**

- a. 30%
- b. 50%**
- c. 5%
- d. 55%

"Despite the high cost, most students choose to study away from home where most of them need to learn to cook, do their own washing and manage their time and money.

**35. "Studying away from home makes students face many challenges such as.....**

- a. need to learn to cook
- b. do their own washing
- c. manage their time and money
- d. all of them are true**

“Scientists developed brain implants to help people who have been affected by brain damage, which could be caused by dementia, a stroke or other brain injuries.”

**36. According to the text brain damage could be treated in the future by using.....**

- a. medicines
- b. drugs
- c. brain implants**
- d. brain damage

By then, they will have added 182 extra beds, along with bigger units for different departments, including radiotherapy. New adult and paediatric wards will have opened. Additionally, they will have built a special ten-floor outpatients’ building, with an education centre which will include teaching rooms and a library.

**37. The education center will contain .....**

- a. radiotherapy
- b. teaching rooms and a library**
- c. 182 extra beds
- d. New adult and paediatric

“In some countries, tablet computers are available for students to use in class. Therefore, students can use the tablets to do tasks such as showing photographs, researching information, recording interviews and creating diagrams.”

**38. According to the above text, tablet computers can be used by students to.....**

- a. research information**
- b. listen to music
- c. send messages
- d. play games

“Most young people communicate through social media, by **which** they send each other photos and messages via the Internet.”

**39. The underlined pronoun “which” refers to .....**

- a. young people
- b. messages
- c. photos
- d. social media**

“Some students like to send messages that are under 140 letters for anyone to read. Teachers can ask students to summarize information about what they have learnt in class in the same way.”

**40. How can teachers benefit from students’ ability to send messages that are under 140 letters?**

- a. teachers can ask students to read the messages.
- b. teachers can summarize the lessons to the students.
- c. students can summarize what they have learnt in the classroom.**
- d. students can send what they have learnt to other students.

“Teachers can ask students to email what they have learnt to students of a similar age at another school. As a result, students can then share information and help each other with tasks.”

**41. One of the benefits of sending emails to students at another school is.....**

- a. helping other students use emails.
- b. sharing information.**
- c. helping teachers.
- d. writing homework.

“One doctor said, "I now consider homoeopathy to be a viable option for many different conditions, including anxiety, depression and certain allergies. However, It can never substitute for immunisations or used to protect against malaria.”

**42. According to one of the doctors, homoeopathy can be used to .....**

- a. replace immunization.
- b. protect against malaria
- c. treat anxiety, depression and certain allergies.**
- d. protect against childhood diseases.

“One doctor said, "I now consider homoeopathy to be a viable option for many different conditions, including anxiety, depression and certain allergies.”

**43. The word that means “able to be successful” is.....**

- a. homoeopathy.
- b. viable.**
- c. depression.
- d. anxiety

“Health conditions in Jordan are among the best in the Middle East. This is largely due to the country’s commitment to making healthcare for all a top priority. Advances in education, economic conditions, sanitation, clean water, diet and housing have made our community healthier.”

**44. A number of factors made the Jordanian community healthier, among them are.....**

- a. the country’s commitment to making healthcare for all a top priority.
- b. advances in education and economic conditions.**
- c. the absence of sanitation and clean water.
- d. lack of houses.

“The reputation of Jordanian doctors has spread in the region, and now many more patients come to Jordan for open heart surgery. In Jordan, the open heart programme started in 1970 CE in Amman.”

**45. Patients from other regions come to Jordan for open heart surgery because.....**

- a. they have heart diseases.
- b. Jordan has a long experience in this field that started in 1970.**
- c. Jordanian doctors lack experience.
- d. they don’t have hospitals in their regions.

“The low infant mortality rate, as well as the excellent healthcare system, has been contributing factors to Jordan’s healthy population growth, which will result in a strong work force with economic benefits for the whole country.”

**46. Two factors were behind the healthy population growth in Jordan. What are they?**

- a. *the low infant mortality rate, as well as the excellent healthcare system.*
- b. strong work force and economic benefits for the whole country.
- c. the reputation of Jordanian doctors.
- d. open heart program.

“In many countries, an increasing number of young people and adults are overweight or even obese. One reason for this is the growing popularity of fast food, which didn’t use to be as common as it is now. Another big factor is lack of exercise.”

**47. One of the reasons for obesity is.....**

- a. *the growing popularity of fast food.*
- b. regular exercise.
- c. eating less fast food.
- d. less demand for fast food.

“People would often walk to school or work, but these days many more of us drive. Modern technology has also played **its** part; we spend more and more time focusing on computer screens.”

**48. The underlined pronoun “its” refers to.....**

- a. school
- b. work
- c. *modern technology*
- d. people

“Experts recommend a mixture of activities. These should include moderate exercise, such as fast walking, and more strenuous exercise, like running. They also advise exercise that strengthens the muscles , for example sit-ups.”

**49. According to the text above, health experts recommend a number of activities for people to keep fit, among them are .....**

- a. driving cars to work
- b. riding buses when going to schools.
- c. *walking and running.*
- d. eating healthy food.

“The more muscle we build, the more calories we burn, and the fitter we become. In addition, exercise is a great way to **cope with** stress.”

**50. The underlined phrasal verb “cope with” means :.....**

- a. to be extremely fat
- b. using or needing a lot of effort.
- c. to bring up a problem or cast doubt on something.
- d. *to deal successfully with.*

“Exercise doesn’t have to take much extra time. You could get off the bus one stop earlier than usual, or stand up when you’re on the phone! Most importantly, we should find a sport that we enjoy doing. That way, we will all become fitter, healthier and happier.”

**51. This can help you exercise without devoting extra time.**

- a. *get off the bus one stop earlier than usual.*
- b. spend more time talking on the phone.
- c. watch too much TV programs.
- d. listen to music

“The King Hussein Cancer Center (KHCC) is Jordan’s only comprehensive cancer treatment centre. It treats both adult and pediatric patients. As the population of the country increases, more and more families will rely on the hospital for cancer treatment.”

**52. The King Hussein Cancer Center treats two kinds of people, who are they?**

- a. elderly people and adults.
- b. men and women.
- c. *adult and pediatric people.*
- d. pediatric and families.

“Building started in 2011 CE. The hospital will have more than doubled its capacity by 2016 CE, increasing space for new cancer cases from 3,500 per year to 9,000. By then, they will have added 182 extra beds.”

**53. How many patients is the hospital expected to serve after the new expansion?**

- a. *182 patients.*
- b. 9000 patients.
- c. 3500 patients.
- d. 2016 patients.

“Many cancer patients live far away from Amman, **where** the KHCC is located, and the journey to and from the hospital is often difficult.”

**54. The underlined word “where” refers to .....**

- a. patients
- b. the KHCC
- c. *Amman*
- d. the hospital

“Most students borrow this money from the government. They don't have to repay it immediately, instead, they pay it back slowly out of future earnings.”

**55. The underlined pronoun “it” refers to .....**

- a. *money*
- b. government
- c. students
- d. future earnings

## VOCABULARY

Choose the correct answer from A, B, C or D to complete each of the following sentences.

- When you use maths to work out an answer, this is called .....  
a. *calculation*                      b. history                      c. law                      d. migraine
